

MAKROLON RoHS Compliance

Makrolon® and Vivak® sheets are in compliance with the following EU Directives and their amendments:

2002/95/EC - The Directive on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (Restriction of Hazardous Substances Directive or RoHS)

2002/96/EC - The Waste Electrical and Electronic Equipment Directive (WEEE)

2000/53/EG - End of Life Vehicle (ELV)

2003/11/EG - Brominated Flame Retardants - Polybrominated diphenyl ethers (PBDE), including decaBDE

Additional information about the RoHS directive is available through the European Union RoHS Compliance web site: <http://www.rohs.eu/english/index.html>.
